20th May 2019

Dear Principal,

I am writing with an urgent request for your help. As mentioned in the email we have sent previously, the Anglicare program in the west is desperately short of carers.

In January we received **102** calls to place children – we could only place **9**.

In February we received **87** calls to place children – we could only place **6**.

In March we received **112** calls to place children – we could only place **4**.

Kids who cannot be placed in the west end up a long way from home.

We ask for your assistance to recruit new carers by placing this notice in a prominent position at your school (we can send further copies).

Any assistance you can provide at this time will be invaluable in the lives of vulnerable children who cannot safely remain at home.

For any further information, don't hesitate to contact me on Ph: 9396 7400 or email me at deb.lordwebster@anglicarevic.org.au

Yours sincerely
